2. THE PPP OPPORTUNITY

2.1. Background

Eastern Cape Parks and Tourism Agency (ECPTA) is responsible for developing and implementing commercial activities inside nature reserves by utilising the rich natural and cultural resources in the reserves. Through creating these activities and offering quality experiences to visitors, ECPTA will be able to enhance its revenue generation efforts. Using the recently acquired game drive vehicles, ECPTA wants to diversify the experience of visitors to provincial reserves. The experience will be offered through offering a package that combines game viewing, visit to heritage sites where available, meals, food, interpretation of flora, fauna and camping. The successful implementation of this project will support both the conservation and tourism mandates of ECPTA and offer possibilities for downstream ecotourism opportunities to local communities.

This will increase the demand for the tourism products and services in the nature reserves and will in turn be translated into skills development and economic opportunities for the locals. The project will enhance the competitiveness of the provincial reserves and will increase the supply of natural and cultural heritage experiences, thus improving the rural product offering.

This will enable the development of sustainable eco-tourism products providing tangible benefits to communities through direct involvement, active participation and contributing to ECPTA revenue generation.

2.2. Description of the tourism PPP opportunity

The months of May up to September are observed as hunting season, as such there are hunting activities in the reserve. During this period the operator will be expected to comply with certain conditions that will need to be observed in visiting certain areas inside the nature reserve.
